Happy News and Major Congratulations

To Mr. and Mrs. Ray Massie of Auburn who just celebrated their first Anniversary together. We hope to have Ray tell more about himself and Melanie as part of our popular Member Highlight section. Ray has grown up surrounded by Pipe Bands while growing up in the Scottish community in California. But more later.

On Friendship

A friend is someone you can be quiet with.

If you want long friendships — develop a short memory.

A real Friend is a person who, when you've made a real fool of yourself, lets you forget it.

New Band Officers

I know Tina has already announced the Officers of the band for the coming year but here they are again;
